Dear Cousin and All.

Your letter received and was glad you received my letter before you sent your last or I would been wondering when it had got lost.

Well Aunt Mary's sale is over last Saturday and I think the things sold very well. every thing was sold except Aunt's clothes, and those the

has decided to pack in a box and send to some Mission Home to give out to the needy. the sale netted $30.16 just house hold goods. the farm is not sold yet. I bid in a quilt for you. the best one in the bunch. for .60 & so we will send you the quilt and little cream pitcher of mama's Mothers You will find this wrapped inside the quilt so be careful when you unwrap it. She will send the package by express. Mama is not very well these days. She has sore feet caused by poor circulations of blood. The Dr. was here this morning he is taking care of the sore. we are trying to keep the sore from spreading. She is not layed up at all. but I am afraid of it getting worse if we don't watch it carefully. The sore is just her big toe. is swollen sores and quite red. then she has trouble with her head part of the time. so dizzy and aching but for the last few days she is feeling quite good. But I am afraid I won't have any Mother many more

years. But when I write
don't say anything
about it. for I don't want
to scare her. She said
to tell you this quilt is
for your Christmas.
now when you receive
your package write us
and tell us all the news.
Good By.
Our love to you all.
What a nice little family you
have we love to look at them
only you ought to sent all of
your pictures. Amy.
